

ADJV stands as a paragon of synergy, bringing together the unparalleled expertise of two well-established companies, each with over two decades of delivering innovative and effective solutions within the Federal Government market sector. This partnership is more than a mere collaboration; it is a merger of visionary minds and complementary strengths aimed at setting new benchmarks in the industry.

Capability Statement

WWW.ACTIVEDEFENSE.NET

Active Defense JV LLC (ADJV) is an SBA-approved 8(a) Mentor Protégé Joint Venture (JV) under the All-Small Mentor-Protégé Program (ASMPP). This partnership is formed between Goal-Oriented Human Performance Technologies, LLC (GoHPT), the protégé, and Ishpi Information Technologies, Inc (DBA *ISHPI*), the mentor. The inception of ADJV can be traced back to the mutual recognition of shared values and aspirations between two industry leaders. Both companies, with their rich legacies and proven track records, saw the potential of creating a unified entity that could leverage their individual strengths to offer more robust and comprehensive solutions. The collaboration between these two entities represents a strategic partnership that leverages the unique strengths of GoHPT and *ISHPI* to provide the Federal Government with high-quality, reliable, and innovative solutions. Through the advantages of 8(a) Small Business Credit, streamlined acquisition options, and the stability and past performance of a mature veteran defense contractor, ADJV is well-positioned to meet the needs of Federal agencies and contribute to their mission success. As ADJV continues to grow and evolve, it will undoubtedly remain a valuable asset to the Federal contracting community.

Company Snapshot

CAGE: 8T0W0 **UEID:** DCB1XMWAGMZ6

Socioeconomic Status:

- Small Business
- SBA Certified Small Disadvantaged Business
- SBA Certified 8(a)
- American Indian Owned
